Dear Parents,

Thank you for your messages of support in recent days, they are very much appreciated by the staff and myself. Everyone is trying their best during this time of uncertainty.

This is a challenging time for many of you, but please endeavour to access your learning resources at a time and pace that suits you. We want the best for our pupils.

These packs are in no way aimed to replace the learning that would normally take place in school. However, it is hoped that parents will find the material enclosed, a helpful way to reinforce key learning. I will keep parents informed via text message when further material is available or uploaded to the website.

I feel it would not be helpful to send home 16 weeks of worksheets. In Term 3 staff will be giving recommendations and will set tasks of interest for the children so as to avoid putting pressure on parents, in addition to some Literacy and Numeracy lessons. I am aware that a number of parents will be 'working from home' and trying to care for children at the same time, so it is important to get the balance right, as we head into uncharted waters.

We would love to hear from you and see the children's learning, so please email photos of them to my school email address.

I would ask you to consider the advice given by Government earlier this week, in particular, social distancing, avoiding social venues, doing what you can to limit social contact with others, self-isolating if running a fever or have a cough.

Finally tell all the children that we will miss them, teachers are saddened that we will miss the events and celebrations of Term 3.

We are thinking of you all in this trying situation and send our best wishes.
Keep well and keep in touch.

L McClimonds
PRINCIPAL
